LEXINGTON, KENTUCKY

Welcome! We want to thank all of you who have joined us either at the sale in person at the Blue Grass Stock Yards in Lexington Kentucky, or online with DV Auction. We want to thank Chris Earl with CK6 Consulting for his expertise and guidance in grooming our sale cattle herd to the excellent condition that you are looking at today and for being instrumental in bringing together serious educated buyers and motivated sellers.

We also want to express our appreciation to Kenny Cross, our Farm & Genetics Manager, who has worked tirelessly to produce what we believe is an excellent offering in our sale today. 100% of the proceeds from the winning bid on **RR KIMBERLY A20**

will be donated to Justin's Place, a 501c3 therapeutic riding facility that serves children ages 3-13 with a diagnosis of Autism and Downs Syndrome. Justin's Place was established in 2020 in honor of Justin King, who is the grandson of Lynn & Rovena Alexander, founders of R & R Land & Cattle Company. Justin lost his life in a car accident in 2017 at only 21 years of age and Justin's family chose to create joy for other children from the pain of losing their own.

Justin's Place occupies the front 26 acres of the 530-acre farm at R & R Land & Cattle Company, located just 5 miles south of Wilmore, Kentucky – also the home of Asbury University and Asbury Seminary.

With a staff of 12 and a volunteer team of 24 members now serving 200+ participants since we opened, we know our mission has been successful when we prioritize serving children with a disability or diagnosis who need our services the most. By elevating the child who is MOST struggling in our community, we are elevating the whole.

Welcome to the Inaugural R&R Production Sale!

Matthew 6:19-21

What a time it is to be in the cattle business! Wherever you are in the country and whatever coffee shop you attend, they are talking about beef! The market fundamentals are frankly like we have never seen before in the benefit of the producer. Inventory, especially with genetics that speak quality to the market, are sought after and pursued no matter where they are designed and raised. You must have inventory to take advantage. We have an offering here at R&R that can help with that.

The selection pressure in this offering, as you will see, has started with some of the highest profile operations in the country. Donors selected for kind and data make up the foundation of this program and offering. The growth is at the highest levels of the data and breed. The end-product merit is also pushing levels rarely seen in a program this young. If you sell bulls for a living, there are many females in this offering that will compliment some of the best young prospects in the breed. The result could be extraordinary.

In my short time to getting to know Lynn and Kenny, one quickly realizes the passion, commitment and desire to compete in Angus genetics. Their lives are a testament to success and hard work. If you have not met them, please take time to come to this offering and see what I see.

In closing, please feel free to call Kenny, Lynn or myself with any questions. If you are looking to improve, get bigger and compete, this will be one of the excellent opportunities this fall to position yourself for this great time in the Angus business.

God Bless,

CK6 CONSULTING - CHRIS EARL
